Re: State of NJ, Department of Environmental Protection v. Scientific Chemical Processing, Inc., Docket No. C-1852-83E

Dear Judge Stanton:

Enclosed for your review please find copy of the New Jersey Department of Environmental Protection Hazardous Waste Manifest form.

I have discussed this matter with personnel from the DEP who advised they have no objection to allowing a representative of Scientific Chemical Processing enter said corporation's name as the generator. However, an individual must sign his name in the space provided under Generator's Certification.

By copy of this letter I request that Mr. Presto advise the Court and all parties who from SCP will execute the manifests.

Thank you for your attention to this matter.

Respectfully yours,

IRWIN I. KIMMELMAN Attorney General of New Jersey
